# INTRODUCTION

The documents in this microfilm collection have been obtained by University Publications of America (UPA) from the Central Files of the General Records of the Department of State, Record Group 59. These records are under the jurisdiction of the Legislative and Diplomatic Branch of the Civil Archives, National Archives and Records Administration, Washington, D.C., where they are housed. UPA has published these records in cooperation with the National Archives.

The Central Files of the General Records of the Department of State contain the bulk of the records accessed in Record Group 59—some 82 percent of this Record Group according to a National Archives estimate. The Central Files contain all instructions sent to and all correspondence received from diplomatic posts abroad by the Department of State. In addition, most of the State Department's internal documentation, as well as correspondence between the Department and other federal departments and agencies, Congress, and private individuals and organizations, are included in the Central Files.

The records filmed from the Central Files for this collection are from the Foreign Affairs subject classification of the Central Files. They include telegrams, airgrams, instructions, inquiries, studies, memoranda, situation reports, translations, special reports, plans, and official and unofficial correspondence.

These documents illuminate Italy's relations with the United States of America and other nations. Because of the broad scope of these records, they both supplement and complement the coverage offered by the Department of State's own *Foreign Relations of the United States* series.

This collection has been microfilmed directly from the records held at the National Archives, Washington, D.C. As such, the records reproduced herein represent the best available copies. UPA is proud to make this collection available for your research.

# **NOTE ON SOURCES**

The documents in this publication are from Record Group 59, Records of the Department of State, Central Files: Italy. The decimal numbers microfilmed include: 665.00–665.94A and 611.65–611.6594. These documents can be found at the National Archives, Washington, D.C.

# **EDITORIAL NOTE**

University Publications of America (UPA) has microfilmed these files in their entirety. Only duplicate copies of documents have been excluded from this micropublication. Citations to documents enclosed by brackets were misnumbered by the Department of State. UPA has filmed these documents as they are filed at the National Archives. The correct decimal number with the correct subject citation is enclosed by the brackets.

## ORGANIZATION OF THE DEPARTMENT OF STATE'S DECIMAL FILING SYSTEM

From 1910 to 1963, the Department of State used a decimal classification system to organize its Central Files. This system assembled and arranged individual documents according to their subject with each subject having been assigned a specific decimal code.

The decimal system from 1950 to 1954 consists of ten primary classifications numbered 0 through 9, each covering a broad subject area.

CLASS 0: Miscellaneous.

CLASS 1: Administration of the United States Government.

CLASS 2: Protection of Interests (Persons and Property).

CLASS 3: International Conferences, Congresses, Meetings, and Organizations.

CLASS 4: International Trade and Commerce. Trade Relations, Customs Administration.

CLASS 5: International Informational and Educational Relations. Cultural Affairs. Psychological Warfare.

CLASS 6: International Political Relations. Bilateral Treaties.

CLASS 7: Internal Political and National Defense Affairs.

CLASS 8: Internal Economic, Industrial, and Social Affairs.

CLASS 9: Other Internal Affairs. Communications. Transportation. Science.

For this publication, University Publications of America (UPA) has micro-filmed the documents contained in CLASS 6. Within this class each subject is defined by a decimal file number. The decimal file number is followed by a slant mark (/). The number after the slant mark (/) refers to the date on which the document was generated. Documents within each decimal file number are arranged in chronological order. The entire decimal file number is stamped on the right side of the first page of every document.

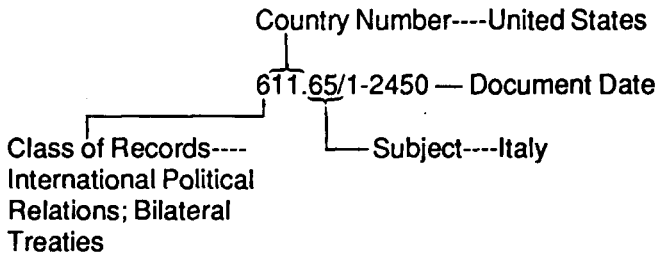

In this publication records classified 665 deal with the foreign policy of Italy and its political relations with other nations. Due to the State Department's arrangement of these records, countries assigned numbers below 65 will not be found in this file. However, UPA has included files dealing with the political relations between the United States (country number 11) and Italy in this publication. In order to find the political relations between Italy and countries other than the United States that have a lower number than 65, the researcher should check the CLASS 6 records for that country. These records can either be found at the National Archives, Washington, D.C., or, for many countries, in microform publications which UPA has made available to libraries.

**CLASS 6. Example, 665.68/3-1050**

Thus, 665.68/3-1050 indicates a document dated March 10, 1950, relating to the bilateral relations between Italy (65) and Yugoslavia (68).

CLASS 6. Example, 611.65/1-2450

Thus, 611.65/1-2450 indicates a document dated January 24, 1950, relating to the bilateral relations between the United States of America (11) and Italy (65).

Note: For the convenience of the researcher, whenever the pages represented by a specific classification number total more than fifty but less than 250, a breakdown of the material by year is provided. Decimal files whose pages total more than 250 are listed by month and year.

The State Department's numerical list of country numbers is reproduced on the following pages.
