

LexisNexis® for Oil & Gas
and Public Utilities

EMPOWERING THE INDUSTRY THAT POWERS THE WORLD

Lead your company away from considerable risk and shine a light on transformative opportunities

With regulatory uncertainties, environmental implications of new extraction technologies, rate cases and more, no industry is more fraught with promise and pitfalls. Yet your company counts on you to make sense of it all.

That's why LexisNexis delivers exceptional energy content combined with advanced analytics tools and well-honed industry expertise **to help you thwart threats and conquer the legal challenges** involved with the exploration, production and sale of energy.

Here are just a few of the must-have **Energy Industry Resources** you'll only find on LexisNexis:

Compliance | Litigation | Awareness

- Lexis Advance® Energy & Utilities Practice Center
- Lexis Practice Advisor® Texas Business & Commercial offering
- Law360® Energy section articles and analysis
- LexisNexis® State Net® legislative and regulatory tracking
- *Williams & Meyers, Oil and Gas Law*
- Public Utilities Reports
- *Mealey's® Fracking Report*

Fuel your energy work with an exclusive combination of primary law, deep analysis, regulatory coverage, breaking news, litigation management tools and more.

“The breadth of [energy-related] materials on Lexis Advance is critical. If a Lexis Advance search does not produce results then it probably doesn't exist.”

—ASSOCIATE GENERAL COUNSEL,
FORTUNE 500® ENERGY & UTILITIES COMPANY

What is Your Energy Demand of the Day?

NAVIGATE REGULATORY UNCERTAINTY

Keep pace with the rules that govern your ever-shifting energy law landscape. Know first so you can act fast. Plus, get deep analysis of regulatory impacts.

Expand your insights into the enforcement perspectives of regulators

- *Williams & Meyers Oil and Gas Law* is the industry standard for any legal professional handling oil and gas issues.
- *Kuntz, A Treatise on the Law of Oil and Gas*, another leading publication in energy law, is a companion to Williams & Meyers and includes an entire volume of forms.
- *Law of Federal Oil and Gas Leases* uniquely covers legal analysis on federal leasing, legislation, outer continental shelf (OCS) leases, exploration, drilling, production, operating regulations and more.
- *Regulation of the Gas Industry* analyzes statutory, regulatory, administrative and case law developments focused on pipeline issues, including agency information.

Research and analyze regulations and legislation

- LexisNexis has a universe of regulatory materials from federal and state regulators, including FERC decisions and the coveted Public Utilities Reports.
- State Net® provides customizable information to track, assess and share legislative and regulatory intelligence including hot issues such as renewable energy, air and water quality, land use, energy grids and infrastructures.
- Compare potential compliance issues across state lines with LexisNexis 50 State Surveys of Statutes and Regulations with analysis and links to statutes and regulations.

MANAGE HIGH-STAKES LITIGATION WITH CONFIDENCE

LexisNexis offers solutions and content with predictive analytics to help you make quick, smart decisions.

Forecast your chances of succeeding

- LexisNexis® Verdict & Settlement Analyzer charts potential outcomes, trends and likely recovery amounts with the largest, most comprehensive collection of verdict and settlement documents—65% more than the closest competitor.*

Transform information into data-driven insights

- Hone your research strategy and make critical connections using advanced analytics tools paired with comprehensive legal, news and business content.

Get early warning of impending lawsuits

- With more than 180 million dockets, LexisNexis® CourtLink® also helps you predict the behaviors of key players based on their prior performance and updates you on current cases.

Understand current legal thinking on emerging issues

- Get in-depth analysis of key events and litigation related to hydraulic fracturing with *Mealey's Fracking Report*.

STAY ON TOP OF ALL OF IT

Do you need to conduct deep due diligence on potential partners and vendors? Navigate labor & employment disputes? Assess and manage rate cases? Draft and review contracts? LexisNexis meets the Oil & Gas and Public Utilities practitioners' needs for current awareness, practical guidance and highly specialized information.

- **Get the earliest indication of which way the wind will blow** with the Law360 Energy section. This is breaking news delivering **top coverage of energy cases**, legislation and competitors.
- **Dramatically streamline the due diligence process** for FCPA investigations and M&A deals with Lexis Diligence®.
- **Reduce drafting time and work more efficiently.** Current practitioners **provide know-how** with the Lexis Practice Advisor® Energy sector. Get quick access to checklists, procedural how-tos, valuable forms with alternate clauses and drafting notes.
- **Rev up contract work** with *Energy Law and Transactions*, the perfect guide on transactions in traditional energy as well as **emerging sources** like hydroelectricity, solar, nuclear, biomass, wind and more.
- **Get exclusive insights on discrete areas** with niche publications. *The Law of Pooling and Unitization* is the **only treatise that covers approaches**, procedures and statutes on the topic of pooling and unitization from 47 states.
