GETTING STARTED

Sign in to the Lexis Advance® service at lexisadvance.com and select LexisNexis® Verdict & Settlement Analyzer from the product grid. Trouble signing in? Try the Forgot your ID or password? link or call Customer Support at 800-543-6862.

A Product grid: Navigate to other LexisNexis® products through the product grid.
B Product name: Identify the current product you are working within.
C Add or change a client or matter ID.
D Return to previous research. Find topics and documents from the last 90 days.
E Move to work folders, settings, sign out and more. To make LexisNexis Verdict & Settlement Analyzer your default start page, select More, then Settings. Select Verdict & Settlement Analyzer from the Starting Product pull-down menu and save changes.
F Search: Enter your search terms in the search box. Begin with convenient pre-search filters for jurisdiction, practice area or date, or start broadly and apply filters post-search.
LexisNexis® Verdict & Settlement Analyzer reports provide a graphic view of verdict and settlement data for the cases in your results, presented through a number of charts and graphs. To view individual cases, select the document you want to view from the list of cases below the graphs.

Note: LexisNexis sometimes receives reports of the same case from multiple sources. While each case is represented in the total document count in your search results list, only unique cases are represented in the charts and graphs.

**A Narrow By:** Use these options in the left column to filter your results by specific categories, including injury type.

**B Graphs:** View summarized results from several perspectives in easy-to-understand graphs.

**C Sort by:** By default, cases listed in the results list are sorted by relevance, with the most relevant cases appearing first in the list. Choose to sort results based on date, awards, resolution, court or jurisdiction to be sure you're finding the information most relevant to your case strategy.
UNDERSTANDING CHARTS AND GRAPHS

<table>
<thead>
<tr>
<th>Graph Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Award in US Dollars by Resolution</td>
<td>This graph shows the average and median award amount for each resolution type (based on your search criteria). Types of resolutions may include plaintiff and defendant verdicts, settlements and unknown verdicts. To see exact dollar amounts, click to expand the graph and rest the mouse pointer on the bar you are viewing.</td>
</tr>
<tr>
<td>Number of Cases by Resolution</td>
<td>This chart shows how the cases that matched your search criteria were resolved. Types of resolutions may include plaintiff and defendant verdicts, settlements, and unknown verdicts. Click to expand the graph and rest the mouse over specific resolution types to view percentages.</td>
</tr>
<tr>
<td>Number of Cases Per Year By Resolution</td>
<td>This chart shows, by year, how the cases that match your search criteria were resolved. Types of resolutions may include plaintiff and defendant verdicts, settlements and unknown verdicts. This graph could indicate trends or spikes that might warrant further exploration.</td>
</tr>
</tbody>
</table>
VIEWING GRAPH DETAILS

While viewing the results page, you can select a specific graph on the page and view details about the cases associated with your search.

A. Click on the graph you want to view in detail to expand it. Rest your mouse pointer over the different areas of the graph. Information appears in a tool tip, with instructions to select once more to narrow the case.

B. Click on the portion of the graph in which you are most interested. The other graphs will be updated using the filtered data. Viewing specific details in each graph is the same as applying filters on the left side of the page.

C. To return to your original results after narrowing them one or more times, select the Clear link at the top of the Narrow By pane.

D. To close the graph and view the thumbnail again, select the X at the top right of the graph.
WORKING WITH YOUR REPORT

You can print, download or email a copy of a case you are viewing in the cite list, or save it to one of your folders. This can be useful if you want to review the information later or share it with others in your firm or office.

A View the results list. To hide the graphs so you can view the results more easily, select the arrow next to the Graphs link.

B Select your document. Either select the check box next to each document you want to deliver or select the link to view a single full document.

C Click the delivery type you want to perform: save to folder, print, email, download or send to Dropbox.

D To download a PDF of the graphs used in your LexisNexis Verdict & Settlement Analyzer search results:
   1. At the reports page, click the download icon.
   2. On the Basic Options tab. Select All charts and graphs with results list (up to 250) or Charts and graphs only. You can also choose to save just the results list.
   3. Select Compress files in .ZIP format if you want to download the files in a compressed (ZIP) file format.
   4. Enter a file name for the downloaded file or keep the one that is displayed.
   5. Select the Formatting Options tab if you want to choose formatting options.
   6. Select Download.
