

LexisNexis® for  
Life Sciences

# LIFE SCIENCES INDUSTRIES ARE CONSTANTLY UNDER A MICROSCOPE

Be ready for regulators, litigators and innovators with  
the comprehensive resources from LexisNexis®

The risks facing the life sciences industry are as diverse as the industry itself. Ever-shifting regulatory pitfalls. Threats to intellectual property. High-stakes disputes—from patent infringement lawsuits to healthcare litigation. To thrive in this high-risk environment, you must keep abreast of changes and developments in an industry that is constantly evolving.

LexisNexis® provides must-have intelligence—cases, complex analysis, regulations, legislation and news—delivered rapidly to you—how, when and where you need it. Legal professionals from across the life sciences sector—healthcare providers, hospitals, big pharma, biotechnology companies—depend on LexisNexis for comprehensive tools and resources.

Cover all aspects of life sciences legal matters from a single resource through a combination of primary law, deep analysis, regulatory and IP coverage.

Here are just a few of the must-have life sciences resources you'll find exclusively on LexisNexis:

#### Bio-Pharma | Medical Devices | Healthcare

- Lexis Advance® Life Sciences/Pharmaceutical Practice Center
- Lexis Advance Healthcare Practice Center
- Lexis Practice Advisor® Intellectual Property & Technology Practice Area
- Law360® Life Sciences and Health sections
- LexisNexis MedMal Navigator® all-in-one medical and legal research tool
- Mealey's® Litigation Reports—from IP to Labor and Employment to Emerging Drugs & Devices
- LexisNexis® State Net® legislative and regulatory tracking

“ I use Lexis Advance to research applicable areas of the law, issues that arise during the course of the workday, and for forms. It has saved me time in developing agreements and other documents. ”

# Take on Your Biggest Life Sciences Challenges

## PROTECT YOUR VALUABLE INNOVATIONS

Whether you work in biotech, big pharma or medical device manufacturing, innovation is the lifeblood of your business. LexisNexis patent resources help you meet all your drafting, filing, infringement, litigation and competitive intelligence demands.

### Find resources for all aspects of your patent work

- The **Patent Practice Center** delivers easy-to-access top IP sources, life sciences news and legal topics from across LexisNexis services, all from one page, so you can be confident you don't miss a thing.
- LexisNexis has **many of the major world patent authorities, in full text** for deep and thorough patent research.
- Access **Intellectual Property analytical titles** that are trusted for the industry:  
*Chisum on Patents*                      *Baxter World Patent Law and Practice*  
*Milgrim on Trade Secrets®*              LexisNexis® Intellectual Property Law and Strategy Series
- **The Lexis Practice Advisor® Intellectual Property & Technology Practice Area** provides practical guidance—with practice notes, checklists and practitioner-drafted forms—that helps keep your life sciences company on track.

## NAVIGATE REGULATORY UNCERTAINTY

Receive timely notifications and access to the rules to ensure you stay compliant.

### Reduce your risk with the right resources

- **State Net®** provides customizable tracking and notification of legislative and regulatory intelligence for life sciences topics that range from Biologics and Healthcare to Medical Devices and Electronic Monitoring of Controlled Substances. Enter your parameters and search everything from a single service.
- The LexisNexis services have an easily searched, massive repository of **primary legal sources**—federal and state cases, codes and regulations, and guidance from federal and state regulatory agencies.

### Get early warning of lawsuits

- Offering access to over 180 million dockets, **LexisNexis® CourtLink®** helps you predict the behaviors of key players based on their prior performance, with customized alerts right at your fingertips.

## MASTER HIGH-STAKES LITIGATION WITH CONFIDENCE

Wide-ranging content, predictive analytics and exclusive data visualization tools provide you with real strategic insights you won't find anywhere else.

### Transform information into data-driven insights

- Are you involved in litigation such as defending product liabilities or medical malpractice claims? Hone your strategies with litigation data mined by **Lex Machina®** that reveals unanticipated insights into judges, companies, opposing counsel, parties and experts.

### Forecast your chances of succeeding

- Our **all-in-one medical and legal research resource** provides handy, interactive tools that allow you to conduct thorough, efficient medical litigation research and analysis to formulate a winning case strategy. In addition, access **the largest, most comprehensive collection of verdict and settlement documents—65% more than the closest competitor.\***

### Tap into timely, targeted life sciences reporting with Mealey's Litigation Reports and case summaries (including links to key court documents).

- Pertinent reports include **Intellectual Property, Trademarks, Copyright, Cyber Tech & E-Commerce, and Emerging Drugs and Devices.**

### STAY ON TOP OF IT ALL

From product liability or IP litigation to compliance and labor & employment disputes, LexisNexis meets the life sciences practitioners' needs for strategy development, current awareness, practical guidance and highly specialized information.

### Get the latest breaking news, regulatory and legal information

- Get the latest life sciences news, views and deep analysis with **Law360 Life Sciences and Law360 Health sections**. Whether your company owns hospitals, manufactures everyday medical supplies or designs high-tech medical equipment or pharmaceuticals, this highly focused breaking news delivers **top coverage of life sciences cases, legislation and competitors**.
- **Save time with targeted resources**. LexisNexis Practice Centers within Lexis Advance are one-stop industry resources for **Life Sciences/Pharmaceuticals, Healthcare Practitioners, Patents and Securities**.
- **Manage workforce issues** at your life sciences company by accessing LexisNexis employment-related content, and rely on real-world tips, forms and analysis from practicing attorneys through **Lexis Practice Advisor Labor & Employment and Employee Benefits & Executive Compensation Practice Areas**.
- **Get insights on discrete areas** with niche publications, including **Health Care Reform: Law and Practice, Treatise on Health Care Law and AHHA<sup>®</sup> guides**.
