

LexisNexis®

LexisNexis® for High-Tech

GET BUSINESS LEGAL AND IP SOLUTIONS THAT ARE AS ADVANCED AS YOUR TECHNOLOGY

Extensive intelligence helps protect your company as it evolves, innovates and competes

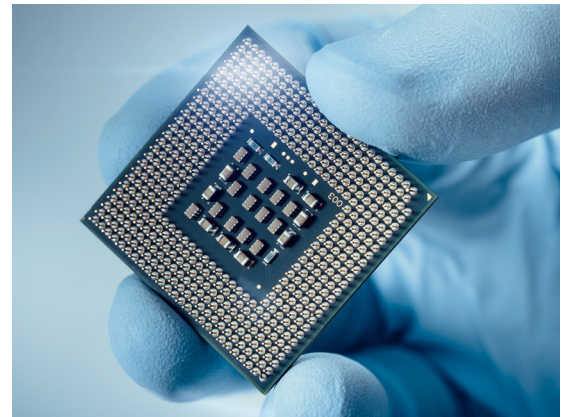

Intellectual property filings and disputes. Consumer and commercial litigation. Data breach threats. Compliance concerns. Increasing costs. Consumer demands. The pressure for the legal professional in the high-tech industry is intense. You must stay ahead of it all and gain a competitive edge. You need tools and solutions that reach beyond research—tools to ease your daily legal-tech challenges.

That's why LexisNexis delivers exceptional, timely, high-tech industry content partnered with advanced analytics tools and trusted industry authorities to help you monitor, manage and surmount the regulatory and legal hurdles you encounter as your company advances.

Here are just a few of the must-have high-tech resources you'll only find on LexisNexis:

Telecom | Aerospace | Computer Hardware/Software

- Lexis Advance® Practice Centers for Patent, Copyright, Trademark, Securities, Communications and Data Privacy & Cyber Law
- Lexis Practice Advisor® Intellectual Property & Technology Module
- Law360® Aerospace & Defense, Cybersecurity & Privacy, Intellectual Property, Technology and Telecommunications
- LexisNexis TotalPatent One® and LexisNexis PatentOptimizer®
- *Chisum on Patents*
- *Milgrim on Trade Secrets®*
- *Gilson on Trademarks®*

Advance your high-tech work with an exclusive combination of primary law, specific and secondary sources, deep analysis, regulatory coverage, breaking news, litigation management tools and more.

“Lexis Advance® is a terrific tool when I need to research an issue across multiple jurisdictions. Need to find something fast? Lexis Advance can help you do that.*”

—Telecom Regulatory Consulting Service

MASTER HIGH-STAKES LITIGATION WITH CONFIDENCE

Comprehensive content, predictive analytics and exclusive data visualization tools provide you with real strategic insights you won't find anywhere else.

Get early warning of tech-related lawsuits

- Plus, with over 180 million dockets and documents, **LexisNexis® CourtLink®** analytics uncover litigation history and patterns to help you predict the **behaviors of key players** based on their prior performance.

Manage outside counsel and litigation budgets

- Save time and money while shaping your tactics and strategies with litigation data mined through **LexisNexis® Litigation Profile Suite** that reveals hard-to-find information on the key players in your case including judges, companies, opposing counsel, parties and expert witnesses, whether you're defending IP or a product liability action.

Make sound decisions

- Access **LexisNexis® Verdict & Settlement Analyzer**, the largest, most comprehensive collection of verdict and settlement documents—**65% more than the closest competitor†**—to help predict case outcomes.

STAY ON TOP OF ALL OF IT

From IP concerns, product liability litigation and mergers and acquisitions, to supply chain compliance and labor and employment issues, LexisNexis meets the high-tech industry practitioners' needs for strategy development, current awareness, practical guidance and highly specialized information.

- **Save time with targeted resources.** **LexisNexis Practice Centers** within Lexis Advance are one-stop tech industry resources for Patent, Copyright, Trademark, Securities, Communications and Data Privacy & Cyber Law.
- **Guard against government investigations and costly litigation** with Lexis Diligence®. Monitor your business partners, customers and suppliers. Comply with the Foreign Corrupt Practices Act (FCPA) and identify politically exposed persons (PEPs).
- **Manage workforce issues** at your high-tech company by accessing all LexisNexis employment-related content from a single resource center and rely on real-world tips, forms and analysis from practicing attorneys through the **Lexis Practice Advisor Employee Benefits & Executive Compensation** offering.
- **Get insights on discrete areas** with numerous niche sub-industry publications, including:
