

High-stakes litigation demands access to the best

Don't compromise when the stakes are high. Lexis Advance® equips you to win with a full spectrum of robust content and the most advanced legal analytics.*

Advanced legal analytics, AI technology and visualization tools enhance the search of millions of documents for relevant, accurate and timely results to inform your strategies and power your wins.

Lexis Advance adds cases faster than Westlaw® 80% of the time and can boast 23% more federal cases than Westlaw, the most comprehensive collection of annotated statutes plus the deepest statutory archive.*

*Comparison data based on information available between October 2018 and February 2019.

CONTEXT: THE INDUSTRY'S FIRST AND ONLY CASE LAW LANGUAGE ANALYTICS SOLUTION*

Using advanced AI and language analytics, Context is the industry's only offering that uncovers insights into how your judge thinks and rules. No other provider offers a comparable solution.

IDENTIFY TOP CASES QUICKLY WITH THE EXCLUSIVE POWER OF RAVEL™ VIEW

Only Lexis Advance charts case law based on Ravel View analytics to show hard-to-see connections between important cases, transforming a traditional results list into a map of the most authoritative cases.

SHEPARD'S® IS THE INDUSTRY'S LEADING CITATOR AND IS ONLY AVAILABLE ON LEXIS ADVANCE

Know you're citing good law with *Shepard's* Citations Service, the most comprehensive editorial analysis of case law, statutes and regulations combined with powerful visualization tools like Reason for *Shepard's* Signal™ and *Shepard's* case cards.
