

Tailored to suit you

Introducing a digital looseleaf application with notes, highlights and tags, the perfect fit for Hong Kong barristers

Lexis® Red gives you 24/7 access to the most up-to-date looseleaf content from LexisNexis

Being a barrister in Hong Kong can be tough. Competition is fierce and costs are high. We know your reputation is important and having accurate and timely information on hand is key to your success. That is why LexisNexis has been providing trusted local Hong Kong content for over 20 years, and our looseleaf services are relied upon by Hong Kong barristers.

Yours is not a 9-5 job, and we understand that you need to access your research and notes quickly – whether you are in court, in chambers or at home. Waiting for someone else to return a looseleaf binder or being unable to connect to the internet to access your online service is not good enough.

Lexis® Red is a new way of accessing LexisNexis content which ensures 24/7 access combined with innovative and intuitive functionality. **Efficient and accessible, Lexis® Red is the perfect tool for personalised research, on the go.**

Introducing Lexis® Red

Lexis® Red is an innovative referencing tool that provides **online and offline** access to your looseleaf library.

Compatible with Apple, Android and Windows devices it is an award winning application, developed by LexisNexis to meet the specific **reading and research needs of the 21st century legal professional**. It combines the familiarity of printed looseleaf content with the **time and space saving** benefits of a digital library at your fingertips.

Quickly finding relevant information and making personal notes is easy with our **sophisticated search, highlighting, tagging and annotation functionalities**. In addition, interlinking between sections lets you skip through the content to find relevant information, while further reading links take you to key cases in your Lexis HK online account.

Once you have downloaded your looseleaf application you are free to work online or offline, secure in the knowledge that your notes will save automatically and sync to your account as soon as you reconnect. **Content updates are automatically sent to your account for download**, and your annotations and highlights will seamlessly transfer across to the new version.

“ Lexis® Red means quick, easy and direct access to the text. Hyperlinks to cases and statutes and updated text shortly after new cases and legislation come out make it way better than the printed looseleaf. ”
