## Navigating in Nexis

- 1 Access other LexisNexis products and services via the drop down menu in the top left navigation bar.
- 2 The **Language Preferences**, **My Documents**, **Settings** and **Sign-Out** links are located in the top right navigation bar.
- 3 Find Support Options through the **Help** link in the top right corner. Region-specific customer support options are displayed in the top right corner based on the preferred language selected at sign in.
- 4 The available search tabs are specific to your Nexis subscription.
- 5 The **Home tab** is your default start page with Quick Search, Alerts, Recent Documents and Recent/Saved searches widgets.

## Search

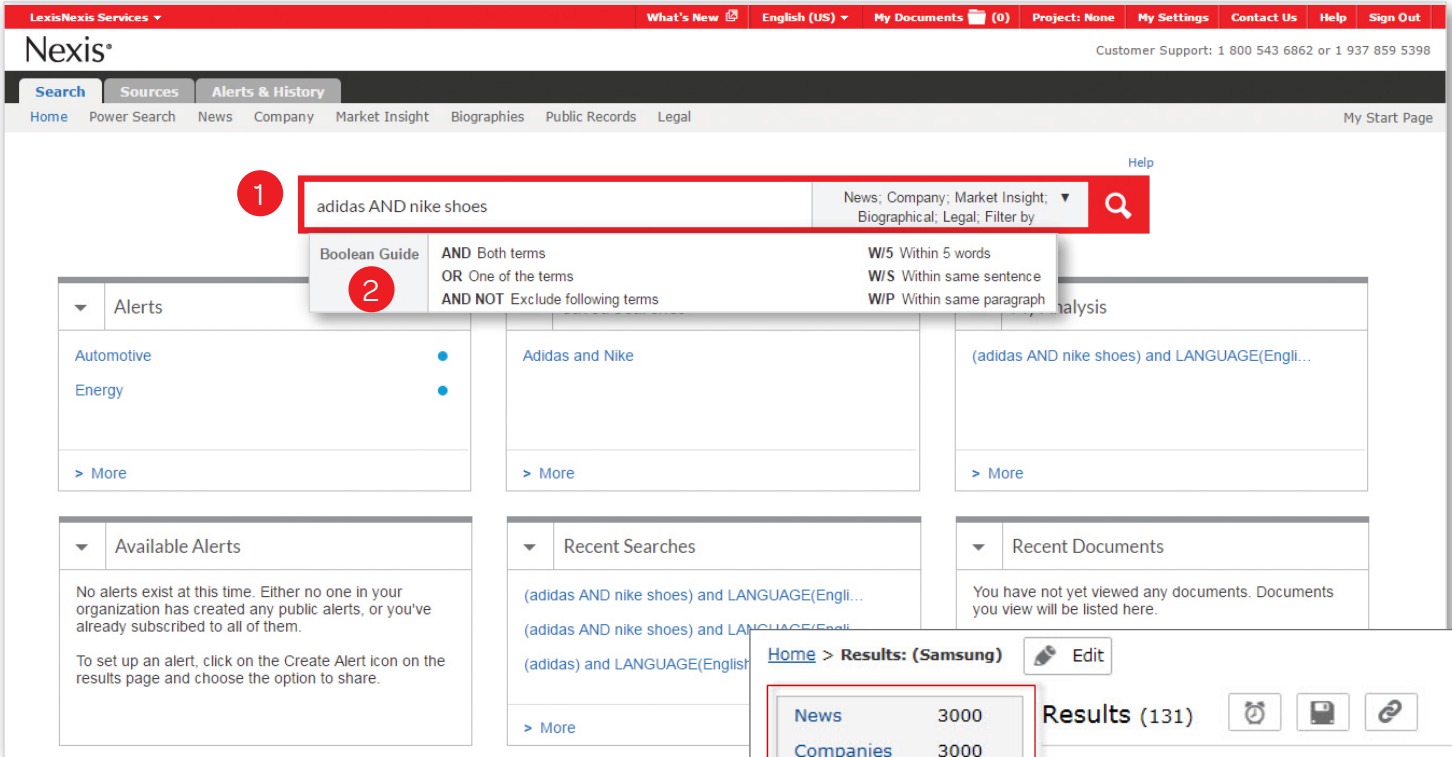

Once signed in, you can customize your default homepage to any of the search forms under the **My Settings** link in the top right corner.

**TIP:** If you would like to change your default start page to another search form, click on the **Make this my start page** link in the top right corner of the page.

## Research Dashboard

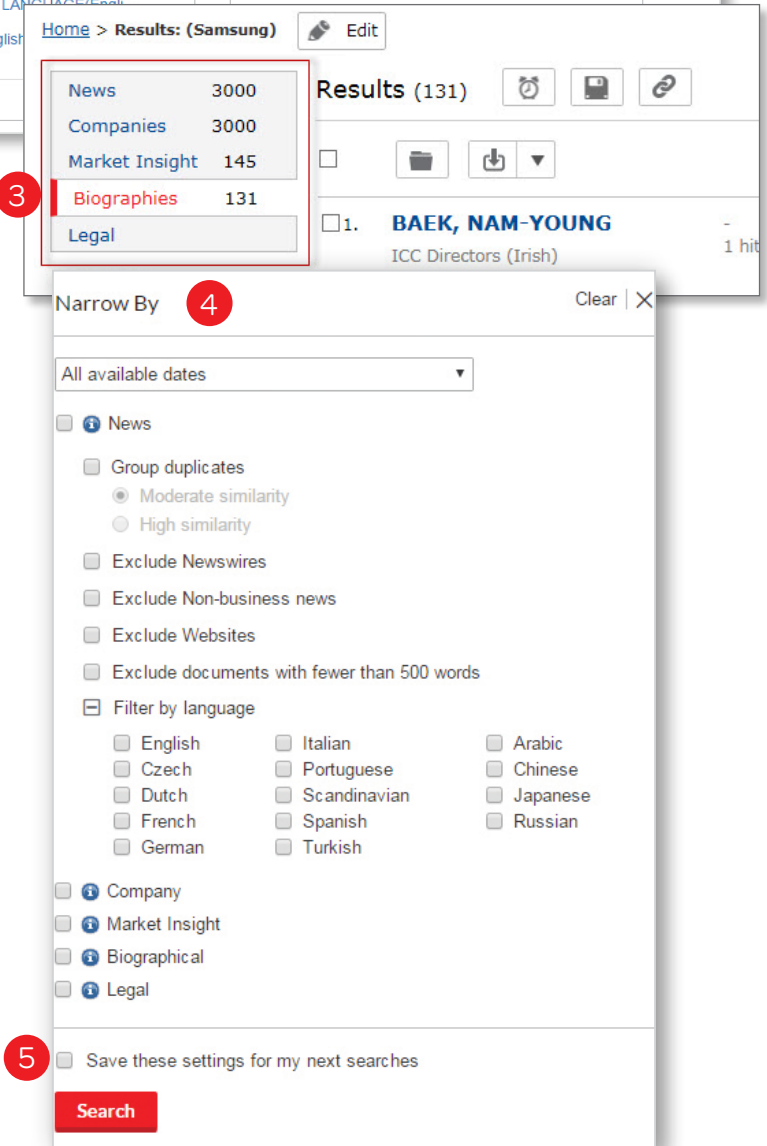

On the home page, you will also find a Research Dashboard containing your favorite and recent research activities. This page contains:

- 6 Up to 8 of the most recent **alerts**.  
A blue circle beside the Alert name indicates if alert results are available.
- 7 Up to 8 of your **saved searches**.  
You can execute the saved search by clicking on the search name.
- 8 **Up to 8 of your recent searches**.  
You can re-execute a recent search by clicking on the link.
- 9 **Documents you recently viewed**.  
You can re-open the document by clicking on the document title.

### Quick Search

- 1 On the home page, you will find a **Quick Search** option, offering a search experience to complement the existing search forms available for your use. Use Quick Search if you need a **broad orientation on an entity or topic** and you are not sure where to start.  
You can **search across multiple content types with a single action**. The Quick Search features the widest set of content for news, company information, market insight, biographies and global legal sources, together in one search request.
- 2 Use the **Quick Search Boolean Guide** to select the appropriate connectors for your search.
- 3 Your results are **organized by content type** so that you can easily check for relevant information within each content type. Each content type will run **up to 60,000 results** and return the 3,000 newest (News) or most relevant (other content types) documents.
- 4 Quick Search provides a **list of filters** that you can apply before the search.
- 5 If you tend to use the **same filters** repeatedly then click **'Save these settings for my next searches'** at the bottom of the filter area.

## Power Search

Use **Power Search** to search across all content source types, construct precise queries or use LexisNexis SmartIndexing Technology™ in your search.

The screenshot shows the LexisNexis Power Search interface. At the top, there is a navigation bar with 'Search', 'Sources', and 'Alerts & History' tabs. Below this is a breadcrumb trail: Home > Power Search > News > Company > Market Insight > Biographies > Public Records > Legal. The main content area is titled 'Power Search' and includes a search box (1), radio buttons for 'Terms and Connectors' and 'Natural Language', a date range selector (2) set to 'Previous week' from 01/17/2017 to 01/24/2017, a source selection dropdown (3) set to 'All Company Information (Excluding D&B)', and an 'Add Index Terms' section (4) with a text input field. A calendar for July 2015 is overlaid on the right side of the search box. A dropdown menu is open, showing a list of sources including 'All News, All Languages', 'US Publications', 'English Language News', 'French Language News', 'WebNews - all languages', 'Major World Publications (English)', 'German Language News', 'US Newspapers and Wires', 'All Non-English Language News', 'All Company Information (Excluding D&B)', 'U.S. Company Reports', 'D&B Duns Market Identifiers Plus (US)', 'ABI INFORM', and 'Industry Reports & Analysis'. There is also a 'Recent Sources' section with 'BBC Monitoring: International Reports'.

- 1 Power Search allows you to search using “Terms and Connectors” (Boolean logic) or “Natural Language.” Choose your preference at the top of the form. Enter keywords or phrases into the search box.
- 2 Select a time period from the drop down list or define a specific date range using the calendar feature to narrow the scope of your search.
- 3 Select a popular source group or one of your pre-selected Favorite Sources from the drop down list or select a single source or group file from the **More Sources** link. Begin typing a source, group file or topic to see suggestions for related sources.
  - a. To change the Sources displayed, select **Edit this List** in the drop down list.

- 4 Click **Add Index Terms** to use LexisNexis SmartIndexing Technology™ to refine your search by adding subjects or themes to your entered search terms. Begin typing a keyword to see suggestions for related index terms.

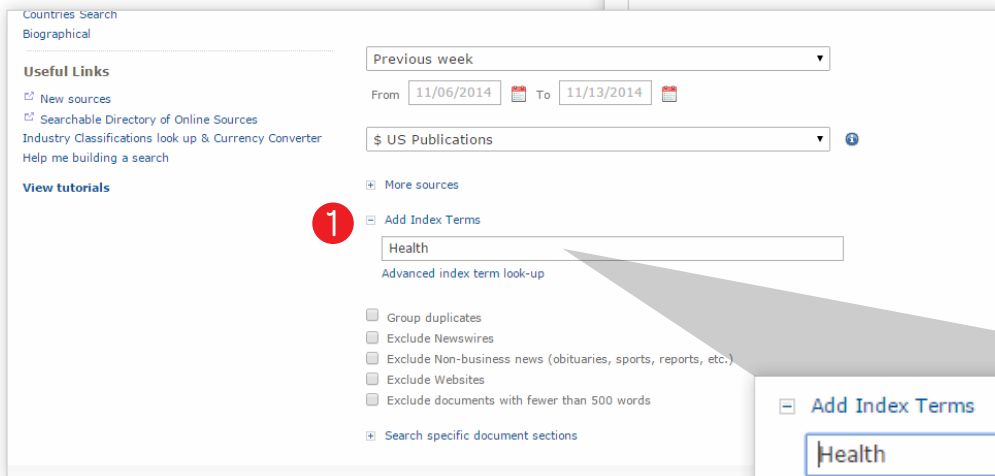

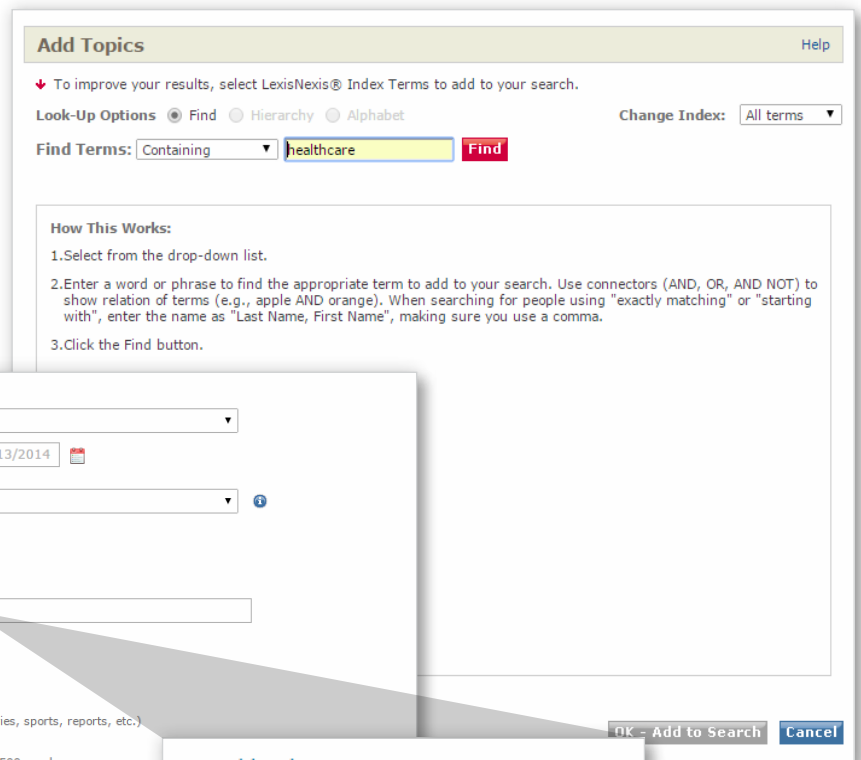

The screenshot shows the LexisNexis navigation bar. The 'Search' tab is selected and highlighted. Below the 'Search' tab, there are several sub-links: Home, Power Search, News, Company, Market Insight, Biographies, Public Records, and Legal. The 'What's New' link is also visible in the top right corner of the navigation bar.

**TIP:** Switch to different search forms using the links along the top of the Search tab.

## LexisNexis SmartIndexing Technology™

Construct more precise searches with LexisNexis SmartIndexing Technology™, a proprietary, rule-based, classification system applied to all documents within the Nexis® database. Use this advanced search technology to locate documents containing specific themes or subjects. LexisNexis SmartIndexing Technology subject terms include:

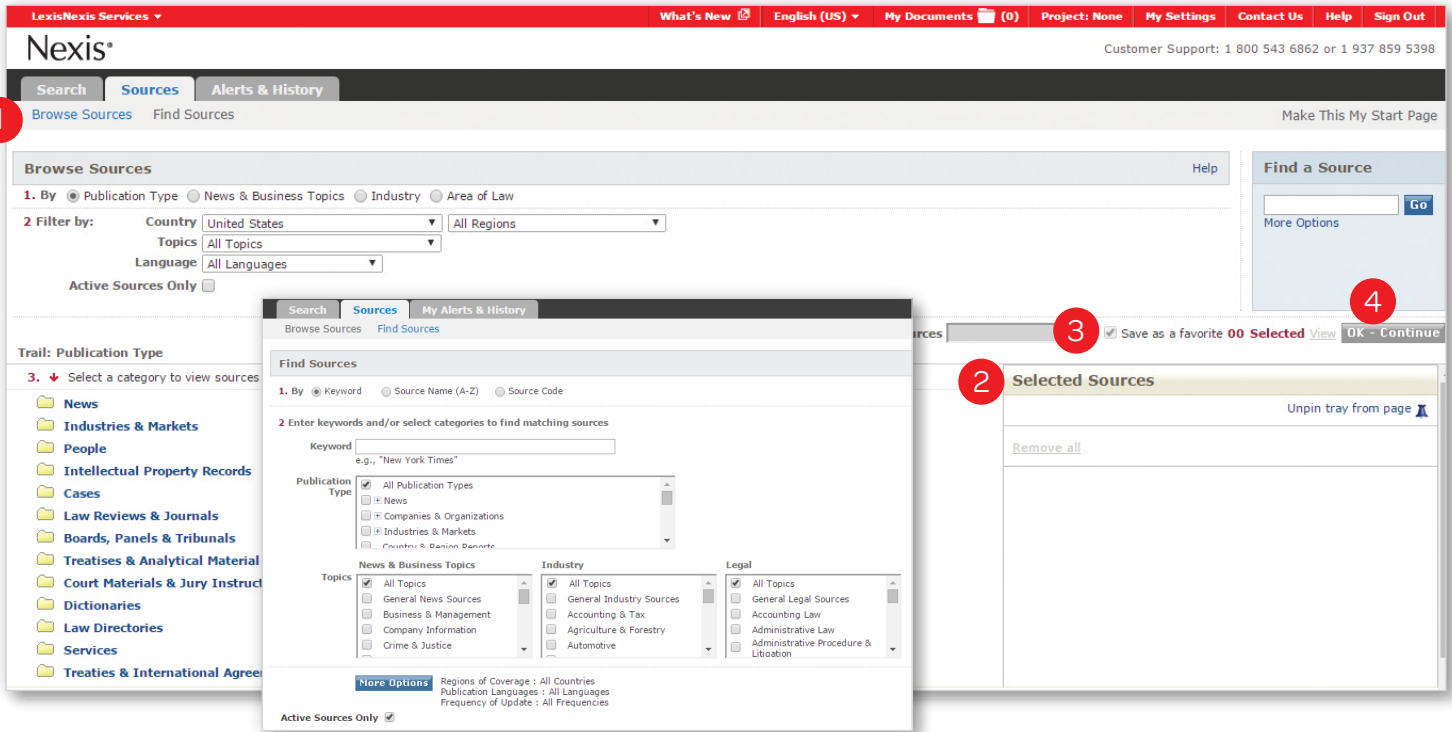

- Companies
- Industries
- Subjects
- Geographic Areas
- People

- 1 Click the **Add Index Terms** link to utilize subject terms. Enter a keyword in the box. The Index Term Word Wheel will automatically show terms related to that keyword.
- 2 Use the **Advanced Index-Term Lookup** to browse all subject terms or drill down by hierarchy.

## Sources

Source selection allows you to quickly find the sources you need, and create custom source sets for any particular research project.\*

- 1 Click on the **Sources** tab and select either **Browse Sources** or **Find Sources**.
  - The **Find Sources** tab allows you to search for sources of interest—using publication name subject, media type, language and/or geography.
  - The **Browse Sources** tab allows you to browse sources—using publication name, subject, media type, language and/or geography.

- 2 To select a source, check the box next to the publication name or group file name. Once selected, it will appear in the **Selected Sources**. Customize the name under which the group of sources will appear in the drop down list.
- 3 After selecting your preferred sources, you can choose to **Save as a favorite** by checking the box above Selected Sources. Customize the name under which the group of sources will appear in the drop down list.
- 4 Click the **OK-Continue** button and you will return to the Power Search form where you will see the sources in the drop down list.

**TIP:** The **Find Sources** tab is best if you know all or part of the source name you are looking for, or if you would like to check to see if a source is available.

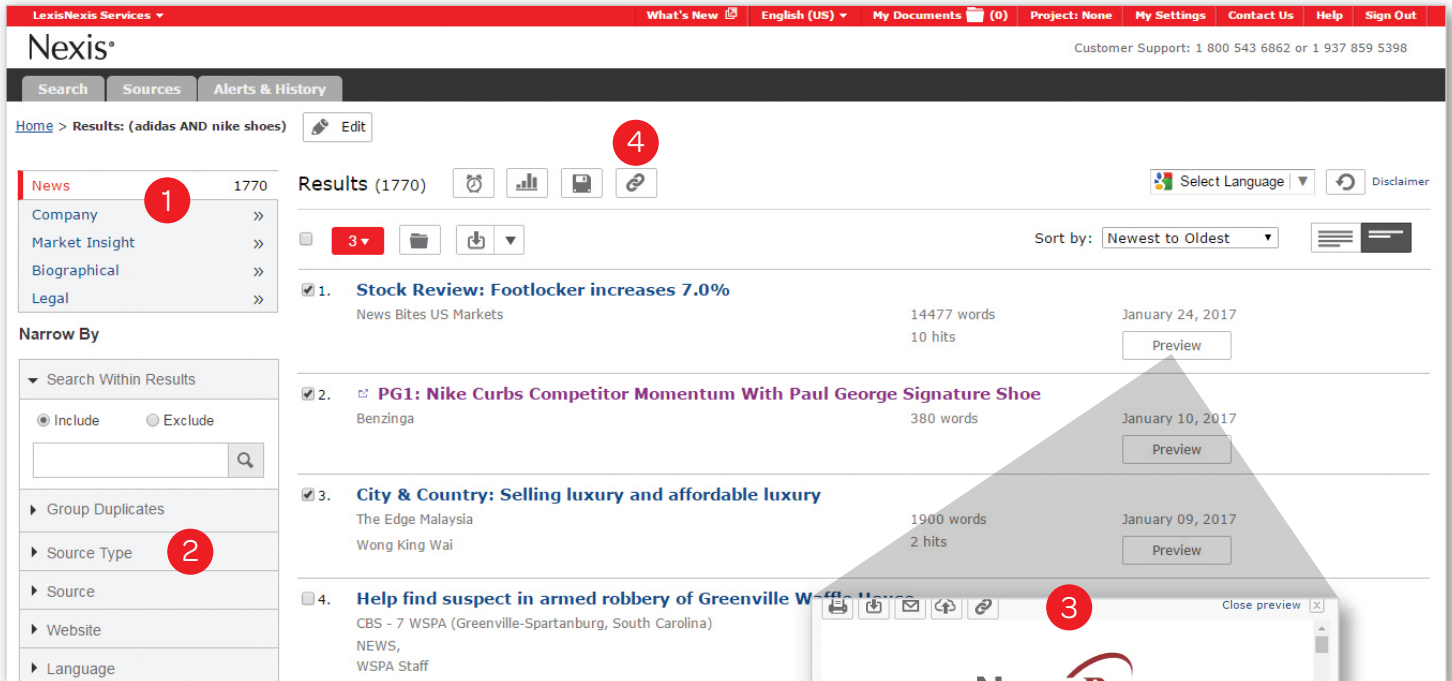

**TIP:** The **Browse Sources** tab is best if you'd like topic suggestions and want to take the guesswork out of finding appropriate sources.

**TIP:** For information about a source or group of sources click the **i** icon adjoining a source name.

\*Not all sources can be combined

## Delivery Options

Save and share results in several ways: download, send to the Cloud, email, or print.

1 To save or share an entire results list, select a delivery option at the top of the results page. The following immediate delivery options are available:

- Print options include adding a brief note, cover or end page; document views; and font options.
- Download results to a Microsoft® Word or Microsoft® Excel document or HTML, Text, PDF, HTML or Rich Text Format (RTF).
- Email documents to three email addresses using semicolons (;) to separate each one.
- Download to Cloud allows you to save the file in PDF, HTML, Microsoft® Word, or RTF format to your Dropbox™, Google Drive™, Microsoft® OneDrive and BOX™ account.

Alternatively use the My Documents folder, where you can compile documents from various searches to save or share together. The My Documents folder holds up to 500 documents for 30 days.

- To add a document to the folder, click the **Add to My Documents** folder icon.
- Click on the **My Documents** link in the top right corner to manage, sort, download and share your saved documents.

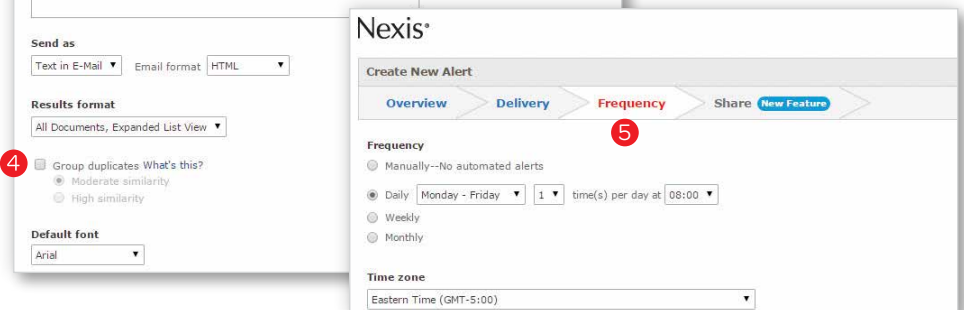

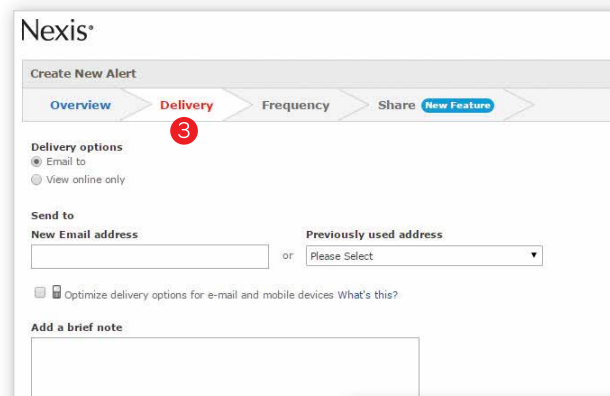

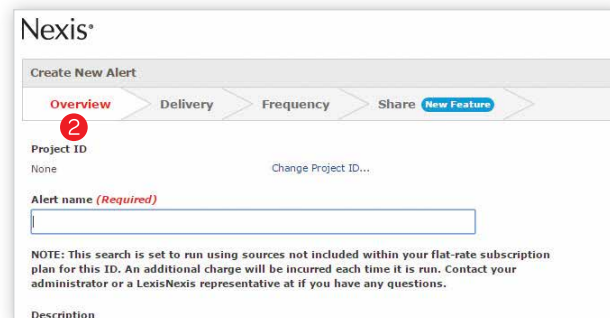

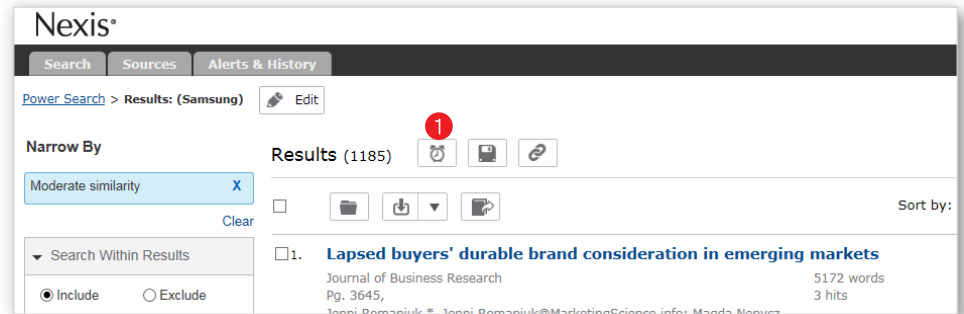

2 Create an alert for continuous updates on a search via email. Continue reading for more details on setting up alerts.

**TIP:** Click **Link to this search** to create a direct link to any query or document allowing your colleagues to execute searches and access documents.

## Setting Up Alerts

Stay current on critical changes to your important research issues by setting up alerts to provide continuous updates on topics of interest online or via email.

- 1 After running a Nexis search, simply click the **Create an Alert** icon  to schedule automatic updates.
- 2 Select the Overview tab. Enter the **Alert name**. You may also add a Project ID or Description.
- 3 Select the **Delivery** tab. Choose from among various options.
- 4 Reduce repetitive documents by selecting the **Group duplicates** option. Deduplication is now available for your Alerts. Because this option reduces duplicative results, your Alert emails will be shorter and easier to scan. If you previously selected the Group duplicates at the Search or Results steps, you don't need to take any further action—deduplication will be automatically applied for your Alerts.
- 5 Select the **Frequency** of Alert updates.
- 6 Select the **Share** tab to allow your colleagues to subscribe to your Alert.
- 7 Specify who can see your Alert. To make your Alert visible to a colleague, you must click the button **Share the Alert** so that other users in your account can access and subscribe to it.

## My Alerts & History

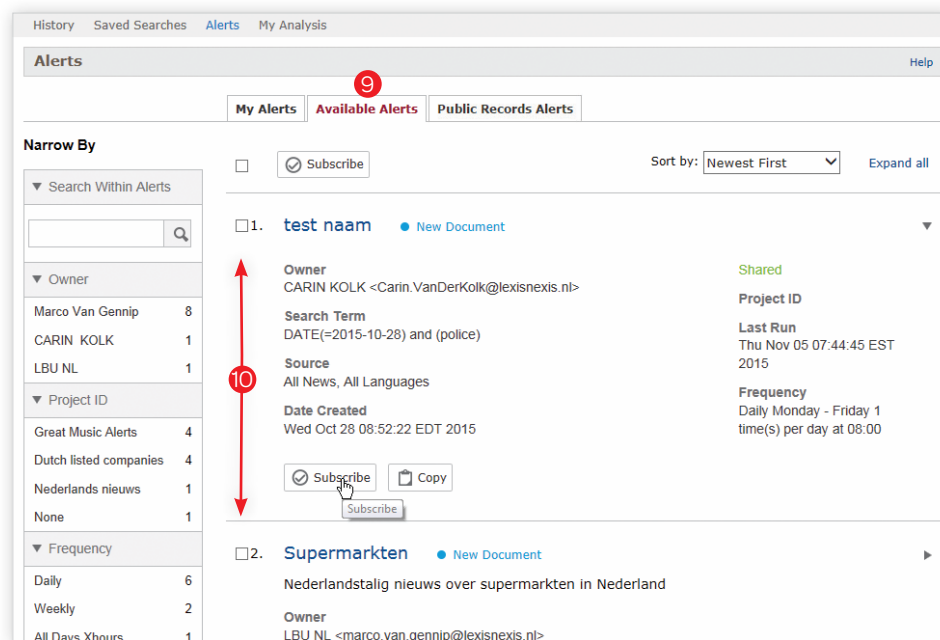

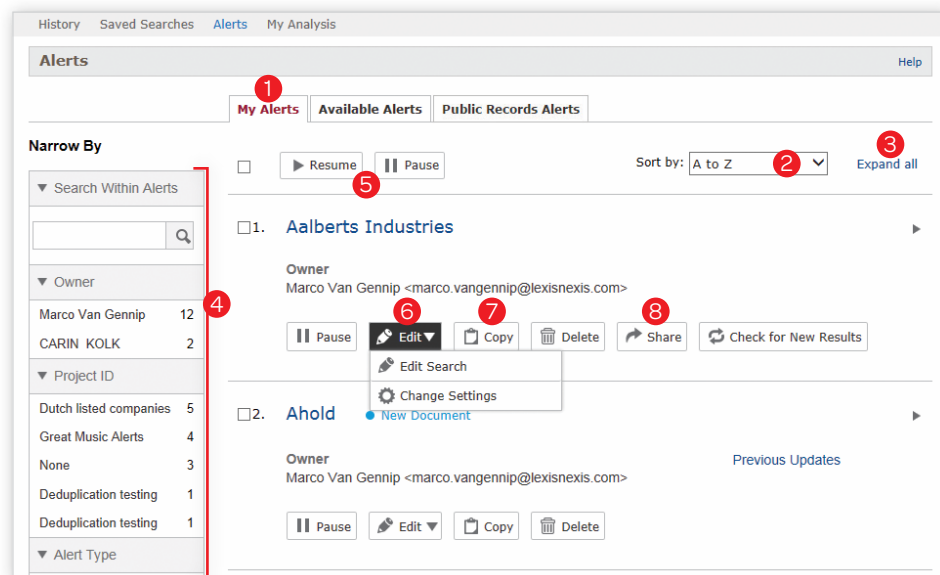

The **My Alerts** hub provides many details at-a-glance so you can efficiently manage all the Alerts that you have created or subscribed to.

- 1 Click on the **My Alerts** tab.
- 2 **Sort** your results to show either newest or oldest results first.
- 3 **Expand** or **Collapse** the views of your Alerts. In Expanded mode, you can view more details of your Alert, such as search, source, format and status.
- 4 Filter your results within the **Narrow By** area. **Search Within Alerts** enables you to search by a keyword. Apply filters to limit your results to an Owner, a Project ID, or the Frequency of an Alert.
- 5 Easily **Pause** or **Resume** your Alerts. Avoid in-box overload when you are out of the office.
- 6 **Edit** your Alert frequency or settings.
- 7 Quickly **Copy** an Alert as a template for creating a new Alert.
- 8 **Share** Alerts with your colleagues in the same Nexis account. Make your Alert visible to colleagues by clicking on the 'Share' button. Users will need to opt-in to subscribe to your Alerts.

## Available Alerts

The **Available Alerts** tab shows Alerts that your colleagues have opted to share.

- 9 Click on the **Available Alerts** tab to view Alerts created by others within your Nexis account.
- 10 **Subscribe** to an Alert by checking the box.
