

Lexis Analytics™

The most powerful legal analytics available today

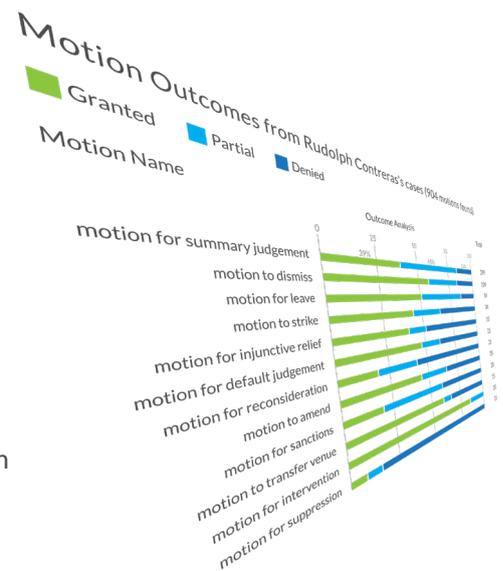

Lexis Advance® combines the world’s largest collection of legal information with industry-leading legal analytics to put accurate and advanced insights at your fingertips. Only Lexis Analytics™ offers end-to-end litigation analytics to support you at every stage of your litigation workflow, including unmatched predictive analytics from Lex Machina®, industry-exclusive Context language analytics and transactional and regulatory analytics from Intelligize®.

Context™

Craft your best argument ever with Context, only on Lexis Advance®

In an industry first, you can now rely on the power of language analytics to win more arguments with proven persuasive authority tailored to your judge. Only Context on Lexis Advance® uses language analytics to pinpoint the specific language your judge will find most persuasive and how experts’ testimony will stand up to judicial scrutiny, so you can craft the best argument for your case.

- Know the challenge history and outcomes for opposing counsel’s expert witness
- Know how often an expert’s testimony was excluded—and the reasons why an expert was impeached
- Know the sentence your judge is most likely to cite when ruling on your motion

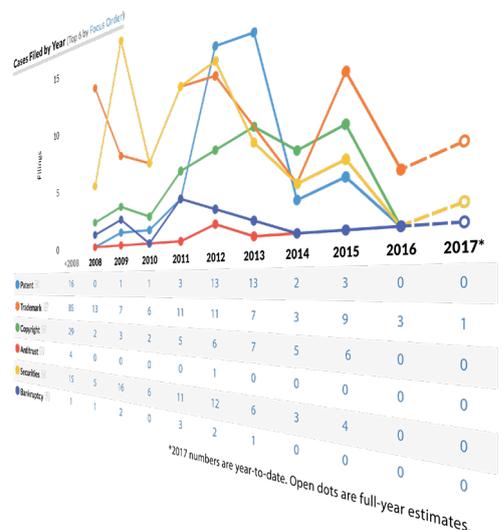

Lex Machina®

Land more clients and win more cases with predictive analytics from Lex Machina®.

Anticipate potential litigation outcomes with quantitative insights about case timing, resolutions, damages, remedies and findings. Only Lex Machina applies rigorous data cleansing to categorize and analyze millions of court dockets and documents, so you get intelligence you can trust.

- Know the likely outcome of a case
- Know the likely damage award
- Know how long it will take for your case to reach summary judgment

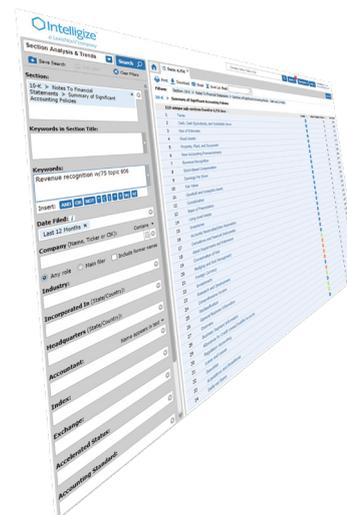

Mitigate risk, stay compliant, and build stronger deals and agreements.

Intelligize applies advanced technology to the largest collection of SEC documents to pinpoint the language you need to use. Intelligize shows you what others are disclosing and how SEC examiners are commenting to help you know what to disclose and how to disclose it.

- Know what risk factors pose the greatest risk in your filing
- Know what the SEC will comment on in your disclosure

THE LEXIS ANALYTICS ADVANTAGE

DATA YOU CAN RELY ON

Your insights are only as good as your data. We know this because we are obsessive about providing comprehensive and reliable analytics that solve complex challenges for legal professionals. By applying our proprietary Attorney Data Engine™, cutting-edge technology with the expertise of legal professionals and data scientists, our data is enriched for a heightened level of accuracy. The result: legal professionals can rely on our data and avoid spending time on potentially misleading or wrong information. No other legal provider does this.

EXPERIENCE YOU CAN TRUST

Lexis Advance customers have been benefiting from legal analytics, AI and machine-learning-infused search for over a decade. In fact, 70% of The AmLaw 100® are already using Lexis Analytics tools. We continue to invest in bringing the most advanced legal research to give legal professionals a competitive edge in the business and practice of law.

INTEGRATED FOR YOUR CONVENIENCE

Our AI-infused Lexis Advance legal research platform supplies comprehensive and curated content that fuels every product in the Lexis Analytics suite. Exclusive machine learning and visualization tools to aid in the review of data, including Search Term Maps, Ravel™ View, and Lexis Answers are already embedded within Lexis Advance.
