Start research faster with streamlined access to your most-used activities

Using customer feedback as the guide, the home page for the Lexis service has been simplified. The colorful “pods” have been removed to streamline the page; however, the links to activities like History and Alerts *remain in places where they existed already*. **Here’s where you’ll find:**

History: Select the **History** link in the black bar at the top of the screen to quickly access your last five searches, *Shepard’s*® searches and documents viewed. Or move to your full 90-day history. (Also view your last five searches when you begin typing in the search box.)

Help: Click **Help** in the black bar at the top of the screen to move to the Online Help tool, including online Tutorials. Find a link to **On-Demand Training** at the bottom of the screen along with a Customer Support number.

Folders, Alerts, Notifications and Live Chat (with LexisNexis® Customer Support): Find all of these tasks when you select the **More** pull-down menu in the black bar at the top of the screen.

Favorites: Select the **More Options** pull-down menu under the Lexis Search Box to return to Favorite sources.

Archived Code Search: Select **Statutes/Legislation** from the content types in Explore Content.

News from Law360®: Select **Legal News** from content types in Explore Content.

Custom Pages: Find your Custom Pages and a link to create new ones in Explore Content under the **Content Type** tab.

Contact your LexisNexis® representative for more assistance.
