

# The Only Complete Product Liability Solution

Lexis Product Liability Navigator™ is the only solution that gives you broad and deep insight, quickly searching beyond case law and across the variety of information types that are key to any product liability case. Results are presented in a visual format that tells a story so decisions can be made quickly.

Built from the ground up with the insight of product liability attorneys, our solution is the only one that can save you time and reduce risk with immediate insight into the value and viability of a product liability case.

Our dashboard presents only the most important information and cuts out the irrelevant as determined by product liability attorneys.

- Is the product highly regulated?
- Is there multidistrict litigation?
- How many recalls and reports are there?
- What is the average award amount over how many cases?

And then dig deeper into any of the result sets to get a more in-depth story so you don't spend hours on research.

**Whether you are evaluating to take a case, or determining the best way to win a case, the Lexis Product Liability Navigator™ solution provides the direction you need.**

BUILT BY AND FOR

ATTORNEYS

EASY VISUALIZATION

UNIQUE TAILORED  
FILTERING

## Understand Risk and Reward

**Understand value**—With integrated verdict and settlement data on product liability cases, the value of a case is easily apparent.

**Lessen your risk**—Whether you are representing the plaintiff or defendant, our dashboard provides the ability to quickly stitch together a story and decrease the unknowns.

## Save Time and Resources

**Built to think like a product liability attorney**—Input one to four pieces of data and up to 19 searches are done across all content types so the dots are connected for you, tying information together for one, clear picture.

**Receive results, every time**—When no results are found, No Fail Searching automates the process expert researchers typically go through running multiple searches across various content types to return the most relevant results instantly.

**Quick comprehension**—Reduce your time searching through information in multiple locations. Comprehensive, concise data provides a quick understanding of your product liability case so decisions can be made easily.

## One Point of Reference

**Unique filters**—Utilize filters designed specifically for product liability cases including: theories of liability, affirmative defenses and injury type. Pinpoint only the information important to product liability cases and dive deeper into the critical information you need.

**Lexis® content**—Rich LexisNexis content at your fingertips combines its comprehensive collection of regulations, case law and recalls with the product liability focus you desire.

**Top Navigation:** Easy-to-understand top-level view with the ability to further explore any aspect of your findings.

**Intuitive Search:** Build the details of your case starting with an intuitive, comprehensive search.

**Regulations and Recalls & Reports:** Quickly understand how much the pertaining product has going for it or against it.

**No Fail Searching:** Receive the most relevant results, every time. Then customize your results by including, or excluding, the terms most important to your search.

**Refine Your Results:** Use filters specific to product liability research to refine to your case.

**Verdicts & Settlements:** Understand the value of your case via the history of related awards and settlements.

**All Jurisdictions Results:** A nationwide search is done simultaneously with any jurisdiction search so you can always get a national perspective at the same time.

**Expert Witnesses:** Find expert witnesses with the most experience regarding your product.

The dashboard interface includes a search bar with filters for Product Type (Hip Replacements), Product Name (ASRXI Acetabular System), Manufacturer (DePuy), and Jurisdiction (All Jurisdictions). It features a 'No Fail Searching' toggle and a navigation menu with tabs for Product Overview, Regulations, Recalls & Reports, Multidistrict Litigation, Verdicts & Settlements, Caselaw, and Experts. Key statistics are displayed: 43 Regulations, 2 Recalls & Reports, 28 Multidistrict Litigation, 4 Verdicts & Settlements, 3 Caselaw, and 15 Expert Witness. A 'Refine Your Results' section offers filters for Product Topics, Theories of Liabilities, Affirmative defenses, and Injuries. A chart titled 'Award in US Dollars by Resolution' shows Average Award and Median Award. An 'Expert Names' table lists experts with their expertise and locations.
