

Cite & Substance Checking Research

Save time and effort performing law review and journal cite and substance checks on Lexis+. Learn and apply the exclusive tools and techniques available on Lexis+™ to deliver superior results quickly and with greater confidence in your editing assignment results.

Top three tips:

1

USE GET A DOC ASSISTANCE UNDER TOOLS TO QUICKLY RETRIEVE AUTHORITY

Get a Doc Assistance provides citation and party name templates to retrieve nearly any primary or secondary authority.

2

USE SEARCH FOR A SOURCE UNDER TOOLS TO FIND A SPECIFIC SOURCE

Search for a Source allows you to search among thousands of sources by name and description to identify the one you need for cite and substance checking assignments.

3

USE SEGMENT SEARCHES TO QUICKLY FIND THE DESIRED DOCUMENT

Lexis+™ provides precise segments to retrieve the most relevant documents efficiently. The **NAME** segment is your key to avoid going through 20, 50 or more people with the same and similar names mentioned in articles and zero in on the correct author in minutes. The **TITLE** and **HEADLINE** segments allow you to find additional sources by searching law reviews and legal news, respectively.
