

# Labor & Employment Research

## Top three tips:

# 1

### STATUTE TOOLS & REFERENCES

Notes of Decisions are quick overviews of case law selected by LexisNexis® editors as the most important cases interpreting the statute. These are organized topically for the researcher to quickly take the pulse of the application of the law in a given scenario.

# 2

### EXPLORE CONTENT BY LABOR AND EMPLOYMENT LAW

Curated pages of practice area specific content allow the researcher to quickly find the most frequently used resources and niche titles for a practice area. The analytical materials are written by experts and delivered to quickly explain the law to the reader, saving innumerable hours of research.

# 3

### PRACTICAL GUIDANCE®

Practical Guidance® is a one stop shop for a myriad of practice area specific tasks and assignments. Practice area modules are organized by tasks to help the researcher quickly get the information need to complete unfamiliar tasks.
